

2026 HARDWARE RESCUE: SYSTEM AUDIT FORM

Stop the "AI Tax" – Reuse Your Assets. Build Smarter.

Due to the extreme shortage of memory and storage silicon caused by enterprise AI demand, your current components are high-value assets. This form helps our engineers select the correct "Bridge" motherboard to integrate your existing parts into a next-generation system.

SECTION 1: CUSTOMER CONTACT

- Name: _____
 - Email: _____
 - Phone: _____
 - Current System Age: ☐ 1-3 Years ☐ 4-6 Years ☐ 7+ Years
-

SECTION 2: COMPONENT ASSET CHECK (The "Rescue" List)

Please provide as much detail as possible. If you are unsure, our technicians will verify these during the physical audit.

-

SECTION 3: THE NEW FOUNDATION

What are we building this "Rescue" system for?

- **Primary Workload:** ☐ Gaming ☐ Video/Creative ☐ AI/Development ☐ General Office
 - **Target CPU:** ☐ Intel i7/i9 ☐ AMD Ryzen 7/9 ☐ Best Available for My Budget
 - **Case Preference:** ☐ Minimalist ☐ High-Airflow ☐ RGB/Aesthetic ☐ Silence-Focused
-

SECTION 4: SHIPMENT/DROP-OFF METHOD

- ☐ I am bringing the **entire old PC** for extraction and cleaning.
 - ☐ I am bringing/shipping **individual components** only.
 - ☐ I need a technician to remotely audit my specs first via Screen Share.
-

OFFICE USE ONLY

- Assigned "Bridge" Board: _____
 - Verified RAM Speed: _____ MHz
 - SSD Health Check (S.M.A.R.T.): ☐ Pass ☐ Fail
 - TOTAL CUSTOMER SAVINGS (Estimated): \$ _____
-

HOW TO SUBMIT

1. **SAVE:** Complete this form.
2. **ATTACH:** Take a photo/screenshot of your **Windows Task Manager > Performance > Memory** tab.
