### WHO WE ARE

CPU Solutions, Inc. was established in 1997, and is one of the 30 largest white box builders in the United States according to Computer Reseller News Magazine. In 2009 we built and sold over 2,500 custom computers. In addition, CPU Solutions is a wholesaler of computer components and software to businesses throughout the upper Mid-West.

We maintain a first class reputation in the industry with a lifetime rating of 4.5 out of 5 on Epinions, and a 9.15 out of 10 on Resellerratings.com. We are listed in Computer Shopper Magazine as one of the best sites for on-line shopping.

Located conveniently off the Beltline and University Ave, at 2109 Eagle Dr. in Middleton, CPU Solutions offers fast, *free*, delivery to businesses in Dane County.

CPU Solutions is a member of both the Madison and Middleton Chambers' of Commerce. We support many local non-profit groups, including the Middleton Outreach Ministry, the Boys and Girls Club of Madison, and 3 Gaits Therapeutic Horseback Riding, in addition to many other local charities.

### CUSTOM BUILT SYSTEMS

CPU Solutions can image hard drives, preload software and drivers and test systems to customer specifications. We can also label and package systems for our clients so they are ready for direct shipment to their customers.

CPU Solutions has experience managing inventory to assure availability of critical components, and can assist in sourcing and recommending components that best fit the needs of the client.

Because of our sales volume and longevity in the industry, CPU Solutions enjoys close partnerships with many industry leaders including Intel, AMD, Microsoft, and nVidia. We can work directly with these vendors to insure the best solutions.

### LOCAL SALES, LOCAL SUPPORT, FAST FREE DELIVERY

Why send Wisconsin money elsewhere? When you purchase from CPU Solutions, not only do you support the local economy but you are buying from a company with a nationwide reputation for outstanding products, excellent service and competitive pricing.

## Go Local, Go CPU Solutions!
